

E-INVOICING INSTRUCTIONS FOR NESTLÉ IN BELGIUM & NETHERLANDS

Dear Valued Supplier

Thank you for your commitment to providing Nestlé with quality materials and services.

As part of our ongoing efforts to enhance and streamline the way we do business with suppliers, we have implemented an electronic invoicing program with our business partner Tungsten Network.

Tungsten Network is chosen for their global electronic invoicing platform, processing capability, and ability to accommodate with businesses of varying sizes,.

What this means for your business?

We kindly ask your business to send e-invoices via Tungsten instead of PDF invoices. By joining the Tungsten Network you will experience greater efficiencies from our accounts payable department when they process your invoices. We believe there are significant benefits to your business, including:

- **Fast, guaranteed invoice delivery** – we receive your electronic invoices faster so we can process them faster
- **Purchase order conversion** – Save time and effort by simply converting purchase orders directly to invoices through e-Invoice Network
- **Full visibility of your invoice status** – no more chasing accounts payable: see your invoice status at any stage

Using Tungsten is free for the first 52 invoices in the year. More info on pricing please consult [Nestlé | Tungsten Network \(tungsten-network.com\)](#)

Please register on Tungsten Network to submit invoices electronically:
